Eugene,

I'm leaving for a meeting this morning in about 15 minutes. I should be back by 2 or 3 this afternoon if you want to get together then. I gave Charlie Howland two PRP reports for the Triumph Industrial Park. One done by MDE in 92 and one done by the Army Corps of Engineers in 92. You may want to get them from Charlie for more background information.

Subject: Elkton Fire Pit Site

Charlie, just to let you know I will be working the enforcement side of this site. I just had a brief meeting with Fran and will be gathering background information over the next few days.

Lorie, can we get together next week so I can get PRP information from you. Depending on what information you have we would like to start sending out notice letters. I am in Monday, Tuesday and Wednesday.

Thanks
